
Both Paths Forward

The Roadmap for the Tailored Experience and the Guided Experience

SYNC 2026 | Roadmap Keynote | Jim Funari, CEO (facilitator) · John Funari, CTO · Brett Meyer, VP Professional Services

StratusLIVE

Roadmap

Four Themes on Each Path

Every theme has a demo. A shared ecosystem underneath benefits both paths.

Tailored Experience · StratusLIVE 365 CRM

1. Tailoring via Model-Driven Apps
2. UI and form improvements
3. Agency Portal migration path
4. Ignite Finance app for 365 CRM

Guided Experience · StratusLIVE Ignite

1. Ignite CRM, Fundraising, Marketing
2. Ignite Agent capabilities and Playbooks
3. New agents from your feedback
4. Engagement methods

SHARED ECOSYSTEM: Ignite Intelligence · Digital Fundraising · Self-Service · Give at Work · Partnerships

The Tailored Experience Path — Where It Stands

Mature, committed, and under continuing investment.

Mature

Installed base on Microsoft Dynamics 365

20M+

Records managed · SOC 2 Type II · 99.9% uptime

M365

Deep ecosystem — Power Platform, Azure, Fabric, Teams, Outlook

Equal

Investment commitment — sustained engineering, not a holding pattern

"For organizations who want the platform to adapt to them — here is what's next."

Tailoring via Model-Driven Apps

The platform adapts to you — now faster, cheaper, and more under your team's control.

MGO – Individual Giving

Relationship-first view
Opportunity focus

CDO

Campaign Summaries
Channel Results

Finance Operations

Batch management
Reconciliation workflow

- Role-tailored apps — configurable without heavy developer engagement
- Leverages Power Apps, Power Automate, and Power BI
- Faster time-to-value for customer-requested configurations

UI and Form Improvements

Your team's daily experience — faster, cleaner, more usable.

BEFORE

Legacy forms
Multiple-click workflows
Desktop-centric layout
Dense field grids

AFTER

Modernized forms
Click-count reduction
Mobile-first responsive
Accessibility upgrades

- Modernized forms and views across core CRM entities
- Click-count reduction on common fundraising workflows
- Mobile-first responsiveness for donor meetings and field use

Agency Portal Migration Path

365 CRM changes in preparation for moving agency payout distributions to Ignite Partnerships.

LEGACY

Agency Portal

Federated fundraisers
Affiliate organizations

PHASED MIGRATION

TARGET

Ignite Partnerships

Modern ecosystem surface
Shared across both paths

- 365 CRM preparatory changes for agency payout distributions
- Legacy Agency Portal supported through the phased transition

Ignite — The Active Intelligence Platform

Eight modules. One data model. One constituent identity. AI that knows your donors completely.

Ignite CRM

The Fundraiser's Command Center

Complete constituent lifecycle management — 360° profiles, AI-powered insights, relationship mapping, and predictive engagement scoring.

Ignite Fundraising

Every Revenue Stream. One Engine.

Individual, corporate, and digital philanthropy unified — opportunity management, moves management, pipeline tracking, and goal planning.

Ignite Finance

From Donation to Financial Statement

Full gift processing, financial subledger, GL integration, reconciliation, and compliance — donation to journal entry in one system.

Ignite Marketing

Personalization at Scale

Multi-channel orchestration — email, SMS, social — built on unified CRM data with AI-powered personalization and journey automation.

Ignite Engagement

Events. Volunteers. Community.

Events, volunteers, and community groups with digital registration, scheduling, hour tracking, and constituent-facing experiences.

Ignite Partnerships

Connected to the Giving Ecosystem

Multi-stakeholder platform connecting nonprofits, corporate CSR, foundations, and federated fundraisers on shared community philanthropy.

Ignite Intelligence

Your AI-Powered Fundraising Team

Platform-native agentic AI delivering intelligence, guidance, task execution, and digital labor — operating 24/7 across all three layers.

Ignite Self-Service

The Constituent's Command Center

Personalized constituent portal where donors view impact, manage giving, access statements, and update preferences — fully branded.

Agent Capabilities and Playbooks

Your agents, your Playbooks, your configuration.

Prospect Research	Major Gift Cultivation	Retention & Lapse Risk	Constituent Support
Wealth, capacity, propensity	Ask amount, plans, prep briefs	Prediction, re-engagement	Context-aware, history synthesis

…and others — each supported by configurable Playbooks for specific task, research, or outcome objectives

PLAYBOOKS Configurable task/outcome recipes

AGENT RUNTIME ENVIRONMENT Governed, observable execution

AGENT HUB Configuration and tuning surface

Your Next Actions

Three ways to move forward from what you saw today.

1

GET A PREVIEW

Experience the Ignite platform firsthand — core modules, agent capabilities, and Playbooks in a guided walk-through.

2

ENROLL IN CLIENT EVALUATION PROGRAM

Shape the migration framework, timeline, and tools together with us — built with you, not announced to you.

3

ATTEND WEBINARS

Participate in upcoming webinars, product overviews, demonstrations, and client cohorts.

"Your migration path will be built with you, not announced to you." — Opening Keynote, Our Commitments #4

Both Paths. Equal Commitment. Your Choice.

"Yesterday: we said it, we built it, it's here. Today: the roadmap on both paths. Same commitment. Same equal seriousness. Your choice on which path — or both."
